

Precision Metal Products

In response to the demand for low cost precision machined metal components, Torrey Hills Technologies has developed capabilities to easily fabricate precise custom metal products in high volume.

Our ISO 9001:2000 certified facility in Nanjing, China features a wide range of specialized equipment, including high speed punch press, Wire EDM, precision surface grinder and CNC machining capabilities. Our current customer base covers all major US microelectronics and packaging manufacturers.

Torrey Hills Technologies' unique combination of industry knowledge and experience guarantee to provide a precise, consistent finish on every part. We will meet and beat any US competitors' pricing.

Precision Metal Products

Equipment & Facilities

- High Precision Laths
- CNC Machining
- Wire EDM Capabilities
- Wide Range of Punch Presses
- Metrology Lab and Inspection
- ISO9001:2000 Quality systems

Application Areas

- Semiconductor Packages
- Seal Rings
- Heat Sinks
- Lead Frames
